PROFILE

Computer Science undergraduate with practical experience in data analysis and data-driven projects complemented by professional exposure to data and operations. Proficient in Python and SQL with a strong interest in uncovering patterns, generating actionable insights and solving real-world business problems. Brings analytical thinking, attention to detail and strong communication skills to support informed, data-driven decision-making.

EDUCATION

Bachelor of Technology: Computer Science & Engineering, Expected July 2027
K.R. Mangalam University
Haryana, India

SKILLS

Programming	**Python, SQL**
Data Analytics	**Pandas, NumPy, EDA, Power BI, Excel**
Visualization	**Matplotlib, Seaborn**
AI Coding Tools	**Claude Code, Antigravity, VS Code Chat**
Tools	**Jupyter Notebook, Google Colab, Git, GitHub**

RELEVANT EXPERIENCE & SIMULATIONS

Freelance Web Developer Aug 2026 – Sep 2026
The Future Animations Remote

- Built a functional certificate verification portal using Claude Code featuring unique certificate IDs and QR-based verification
- Developed backend functionality using Flask and SQLAlchemy with Supabase/PostgreSQL for certificate data management
- Implemented an admin panel and tested end-to-end certificate verification workflows

Data and Operations Intern Jun 2026 - Aug 2026
The Future Animations Hybrid

- Coordinated animator workflows, tracked task progress and followed up on project deadlines
- Maintained project records and organized operational data using Microsoft Excel and Google Sheets
- Tracked pending tasks and prepared progress reports to support day-to-day operations

VIRTUAL JOB SIMULATIONS

Data Analyst – Virtual Job Simulation 2025
Deloitte (Forage)

- Built an interactive dashboard to visualize patterns and support investigation workflows
- Used Excel functions, including VLOOKUP, pivot tables, and conditional formatting, to clean and analyze datasets

Data Analyst – Virtual Job Simulation 2025
Accenture (Forage)

- Analyzed 7 datasets to identify trends in user engagement and content performance
- Presented findings through a PowerPoint presentation and video

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals (AZ-900)
- Preparing Data for Analysis with Microsoft Excel - Microsoft (Coursera)
- Harnessing the Power of Data with Power BI - Microsoft (Coursera)

ADDITIONAL INFORMATION

- **Interests:** Data Analytics, Business Intelligence, AI Applications, AI-Assisted Development
