niteshs11a@gmail.com ◇ linkedin.com/in/niteshscore

PROFILE

Computer Science student with a strong foundation in data analysis using Python and SQL. Skilled in exploratory data analysis, data cleaning, and visualization to derive meaningful insights. Experienced in working on real-world datasets and building data-driven projects. Interested in data analytics, business intelligence, and leveraging AI tools for practical problem-solving.

EDUCATION

Bachelor of Technology: Computer Science & Engineering, Expected July 2027
K.R. Mangalam University
Haryana, India

SKILLS

Programming	**Python, SQL**
Data Analysis	**Pandas, NumPy, Exploratory Data Analysis (EDA)**
Data Visualization	**Power BI, Matplotlib**
Tools	**Git, GitHub, Jupyter Notebook, Google Colab, Microsoft Excel**

PROJECTS

Netflix Movies & TV Shows Analysis 2025

- Analyzed 8,800+ records using Python (Pandas, NumPy) to identify content trends
- Performed data cleaning (missing values, duplicates, datatype fixes)
- Conducted EDA on genres, ratings, and release years
- Created visualizations using Matplotlib and Seaborn to present trends and insights

QPGen – AI Question Paper Generator 2026

- Integrated Google Gemini API to generate exam-oriented questions from syllabus input
- Designed structured prompts to control topic, difficulty, and question type
- Implemented validation and retry logic for consistent, well-formatted outputs
- Implemented JWT-based authentication for secure access

RELEVANT EXPERIENCE & SIMULATIONS

Data Analyst – Virtual Job Simulation Completed 2025
Deloitte (Forage)

- Completed Deloitte Forage simulation focused on data analysis and forensic technology use cases
- Built interactive dashboard to visualize patterns and support investigation workflows
- Used Excel (advanced functions including VLOOKUP, pivot tables, conditional formatting) to clean, classify, and analyze datasets

Data Analyst – Virtual Job Simulation Completed 2025
Accenture (Forage)

- Completed Accenture Forage simulation involving data analysis for social media client engagement optimization
- Cleaned, modeled, and analyzed 7 datasets to identify trends in user engagement and content performance
- Created PowerPoint presentation and video to communicate findings to stakeholders

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals (AZ-900) — September 2025
- Data Analytics & Visualization – Accenture (Forage Simulation)
- Data Analytics with Tableau and Excel – Deloitte (Forage Simulation)
- Preparing Data for Analysis with Microsoft Excel – Microsoft (Coursera)
- Harnessing the Power of Data with Power BI – Microsoft (Coursera)

ADDITIONAL INFORMATION

- **Interests:** Data Analytics, Business Intelligence, AI Applications, Prompt Engineering
